| 1 | The district has made no true effort to take on the task of working within the community to change the disrespectful and destructive behaviors of the students. The action thus far is as always. Put demands on teachers | 3/10/2022 2:29 PM |
| 2 | Students are still wear jackets. Hats, winter face masks/ski masks in the hallway. I've seen then walk past admin with nothing being said. Teachers are unsure of how to handle kids who don't listen to directives. Example if you tell a kid to hand in cell phone and they don't what should you do? The duration if the class they keep doing it. Do we only fill out detention form or call office etc. | 3/10/2022 2:29 PM |
| 3 | Now that we're back it's literally business as usual. Nothing has changed except district leaders walking around the building not speaking to us but putting demands on us. Is that their job while here? We were not even told what they are doing here. | 3/10/2022 2:26 PM |
| 4 | What is the cell phone policy and follow through steps teachers are suppose to take Kids are still wearing jackets in school The front office door is locked to all- WHY | 3/10/2022 1:10 PM |
| 5 | The consistency of the implemented standards and procedures. | 3/10/2022 12:18 PM |
| 6 | No comment at this time | 3/10/2022 10:43 AM |
| 7 | When will there be metal detectors, alarms, and more cameras? What type of consequences will there be for students when rules are broken? Student violence has been out of control at McKinley. Teachers seem to have absolutely no say in the district's plans for McKinley. | 3/10/2022 9:34 AM |
| 8 | Staff using mack passes only and actively checking mack passes. Holding students accountable and collecting phones to get message out that they are to be out of sight. | 3/10/2022 8:45 AM |
| 9 | Inconsistent plans | 3/10/2022 8:38 AM |
| 10 | No metal detectors yet. So glad students are back in the building! (Not sarcasm, I really am happy they are back!) | 3/10/2022 8:20 AM |
| 11 | New principal is on vacation! No consistency following through the new rules! Some students don't seem to follow the protocol! I am still concerned! | 3/10/2022 8:19 AM |
| 12 | A bunch of empty suits from City Hall that nitpick about dumb nonsensical things such as objectives, illegal modules (we have academic freedom) and lesson plans instead of keeping students and staff safe. Instead of your pompous criticism of teachers, support us. We are on the front lines. | 3/10/2022 8:19 AM |
| 13 | I am glad students are back in the building | 3/10/2022 8:17 AM |
| 14 | No concerns, thank you for checking. | 3/10/2022 8:16 AM |
| 15 | How can you institute a plan without the "new" principal. That was pure bs. You can't reset without all essential people in place - namely the principal of the building who was coming down hard last week and completely disappeared this week. Really?!?? Then you send clueless people from downtown who belittle us as if we have no clue about what goes on in our school, let alone any school, when we are the ones who know the real deal. I am sick of false representation, a false sense of security, and loser, incompetent people hiding at city hall. I did not see security on my floor. I didn't see extra people on my floor. What has really changed? | 3/9/2022 9:06 PM |
| 16 | Teachers input not taken until at a meeting yesterday! Downtown is making decisions without | 3/9/2022 3:40 PM |

March 7, 2022 McKinley Reopening Plan

teacher input. Procedures for some new safety issues are not in place (Teachers have voiced this at meeting yesterday.) Safety issues with some students still in the classroom are not resolved. Very sad that they rushed to reopen fully when new Principal is not here to be visible and enforcing rules himself.

| 17 | Some of the root causes of the problem in the school are still very much present despite the fact that several members of the board and City Hall are often here in the building to "assist" | 3/9/2022 12:19 PM |
| 18 | Only half the students have returned. How can you gauge a reopening plan when half the student got the riot act message? Also, I feel like our new principal has made this a 'teachers need to do more or I'm coming for you' issue. Teachers have been through enough. We don't need a dictator to micromanage us and increase the pressure we already feel. | 3/8/2022 9:05 PM |
| 19 | HALLWAYS ARE STILL DICEY...SEEMS LIKE OLD TIMES...SOMETHING STILL DOESN'T SEEM RIGHT...INCLUDING A MISSING PRINCIPAL ON THE FIRST DAY | 3/8/2022 7:07 PM |
| 20 | Does it really matter what we as teachers have to say? None of it is being used to formulate any plans. | 3/8/2022 6:01 PM |
| 21 | Teachers must be involved | 3/8/2022 2:04 PM |
| 22 | - will they really be able to watch all students during classroom transitions ? | 3/8/2022 1:16 PM |
| 23 | Concerns include frequent changes to plan timeline/dates of return/ lack of guidance sessions and trauma informed care sessions prior to full student return, as was stated in original plan/ being short staffed leaving gaps in safety positions/ I do appreciate our input being requested "after" the most recent change in plan, but no information was given about why it was changed again for 3/7 . Admin here is doing an amazing job but it goes back to the District to school communication link that Cash promised would be strengthened. | 3/8/2022 12:58 PM |
| 24 | Our principal isn't even here. | 3/8/2022 12:45 PM |
| 25 | I am concerned that the district is not listening to the administration that actually work here and not allowing the administration to make some decisions as to how to reopen | 3/8/2022 12:38 PM |
| 26 | Suspensions | 3/8/2022 12:33 PM |
| 27 | Principal not in the building | 3/8/2022 12:33 PM |
| 28 | first week open with all students- no new principal | 3/8/2022 12:24 PM |
| 29 | The plan has been inconsistently implemented. Students were introduced to a new principal who mysteriously took a planned vacation the following week. Students and staff need stability and I have zero confidence in that at this point. | 3/8/2022 12:23 PM |
| 30 | 1. The "safety" supplies have not been installed-cameras, metal detectors and alarms. Not all aides/hall monitors have radios. 2. Staffing concerns- too many faculty members are out of the building without temporary teachers or certified long term subs. | 3/8/2022 12:12 PM |
| 31 | I am satisfied with a plan and really glad the kids came back before originally expected | 3/8/2022 11:57 AM |
| 32 | Mr. Khalil is indeed asking us to share our concerns but it seems like what we are planning at our school then gets changed around and we get an email at 7 pm. | 3/8/2022 11:52 AM |
